ALLOWANCE

Request for Continued Examination

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. The Applicant's submission filed on 11/26/04 has been entered.

Reasons for Allowance

2. Claims 36-69 are allowed. The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art. The subject matter not found was a method/ cardiac rhythm management system comprising detection of impedance below about 0.5 Hz indicating a fluid shift away from the thorax and providing pacing therapy to assist shifting fluid back toward the thorax, the therapy including adjusting a rate response factor defining a relationship between the pacing rate and the activity level or respiration sensor signal correlative to metabolic need for cardiac output, in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
